

WILL MAKE AN INVESTIGATION

Government Agent to Make a Visit to Bemidji, Minn.

ABBOTT ALSO TO GO THERE

Commissioner of Indian Affairs at Washington Will Journey to the Minnesota City in Order to Get Information First Hand—Special Agent Brents Has No Orders to Close Saloons That Comply With the Law.

Bemidji, Minn., Nov. 16.—In an expedition today against two saloons of Bemidji, which had ignored the government's order to close, agents of the Indian bureau faced a shotgun in the hands of one of the liquor men who, a moment before, had struck Agent Matulys on the head, knocking him from a platform upon a broken beer bottle, inflicting a deep gash in his leg.

The Indian agents pulled their guns and proceeded with the destruction of liquor, which, in the two places, was valued at several hundred dollars.

In one place the agent discovered a secret room in the basement built of cement and filled with whiskey and high-priced wines. A blind trap door was the only entrance. The agents crawled through this door, and, with axes, smashed several barrels of whiskey and casks of wine.

Special Agent Matulys led the raid and the first place entered was Dudley & Mahan's, in the heart of the business district. T. E. Brents, who has charge of the Indian bureau sub-agency in Bemidji, was a member of the raiding party. He charged Dudley with ignoring three warnings from the government and reminded him that he had opened his saloon but recently after having once been closed by the government. Brentz declared that upon a telegraphic order from W. E. Johnson, head of the bureau, he was compelled to destroy his liquor stock.

Barrels were then broken open, casks emptied and bottled goods smashed. The stuff destroyed in this place consisted of 211 half barrels of whiskey, two barrels of alcohol, eleven cases of bottled goods, three cases of bitters, ten gallons of whiskey, four cases of fancy whiskey, four cases of champagne and six barrels of wine.

It was at this place that the agents discovered the secret hiding room, much of the whiskey and expensive wine being stored there. A tube device was used in filling orders. Mr. Dudley was incensed by the destruction of his property and entered objections more violent than polite, and followed them up by a quick blow on Agent Matulys' head, knocking that officer down a five foot platform at the rear of the saloon, where he landed on the snow and on broken glass.

Although stunned for a moment Matulys regained his feet, drew his revolver and with Agents Brents, who had been dumping the bottled goods in the street, attempted to re-enter the saloon. Dudley had, however, locked and barricaded the door.

The two agents then sought entrance by way of a window when they found themselves looking into the barrels of a big shotgun. Agent Brents made a dash for the window, broke the glass and climbed in. The gun had been dropped by this time and Dudley, when covered with Brents, revolver, threw up his hands and permitted Matulys to search him. He was then led to the back door and told to keep his hands above him and to "beat it" and he was obeying these orders when last seen.

From the Dudley & Mahan place the agents marched on the Lake Shore saloon of Louis Anderson on Second street. Anderson had no resistance to offer and after taking a drink of his own whiskey turned the place over to the government agents who quickly destroyed five barrels of whiskey, ten cases of bottled whiskey, two cases of rock and rye, two gallons of wine and ten gallons of gin. No beer was destroyed as the agents have been instructed to see that this thirst-quenching commodity is returned to the breweries.

Another interesting development of the day was the closing of the Markham hotel bar. The Markham is the leading hotel here and its bar was closed because its license expired today and as the council failed to have a quorum Monday night the license could not be renewed. Efforts to reopen the bar will be made.

Bemidji, Minn., Nov. 17.—Special Agent T. E. Brents and a squad of deputies returned from Park Rapids, where they destroyed the liquor of four saloons, and announced that W.

E. ("Pussyfoot") Johnson considers the situation in this territory so important that he is coming for personal investigation and that he will arrive in Bemidji within the next forty-eight hours. From other sources it is learned that Commissioner of Indian Affairs Abbott of Washington, who desires information first hand, will come to Bemidji this week.

Bemidji saloon keepers see new hope in the coming of these high officials, for they believe it possible that, by co-operating with the government in an effort to keep liquor from the Indians, they may be permitted to renew their licenses to sell the stocks of liquor which they now have on hand.

After announcing that since Tuesday morning his men have destroyed more than 3,000 gallons of liquor Special Agent Brents said:

"There is absolutely no truth in the report that the saloons of Bemidji are to be closed either by myself or by deputy special officers of the Indian department. I have no order from Washington to close the saloons of Bemidji as a whole now or any other time."

Disobeyed Orders.

"It should be understood, however, that the order restricting shipments holds good over the entire territory prescribed. The two saloonkeepers whose stocks were demolished in Bemidji had disobeyed our orders. The men had agreed to close and ship their stock out of the dry zone. This they did not do. I have no intention of closing the saloon of any law-abiding citizen who may renew his license for the purpose of selling his stock on hand in a lawful manner."

Deputy Special Officer N. A. Way, who recently has been working under direction of Brents, has been transferred to Devils Lake, N. D., and he has left for that place.

In response to the question as to why Mr. Way was transferred, Mr. Brents said: "He talked too much."

Reports have reached Bemidji that liquor is being shipped into and freely sold at Island Lake, Puposky, Fowles, Nebish and other towns north of Bemidji in Beltrami county on the Minnesota, Red Lake and Manitoba railroad, and the government cannot interfere because these places are outside of the Indian treaty zone. These towns are nearer the Indians for whose benefit the liquor restrictions are presumed to be enforced than any of the Beltrami towns in the dry belt as they are only a few miles from the Red Lake agency.

ELECTION OF DIRECTORS

List of Commercial Club Directors Whose Terms Expire and Those Who Hold Over

In yesterday's Dispatch a mistake in one name of the directors of the Commercial Club who hold over for another year was made. F. H. Gruenhagen's name appearing when it should have been A. J. Halsted. In order that the matter may be fully understood so that there will be no error at the election to be held Dec. 6th the entire list is given below:

Hold Overs—A. J. Halsted, Ezra R. Smith, W. H. Gemmell, G. W. Chadbourne, Carl Zappfe, Dr. Walter Courtney, Werner Hemstead, C. A. Allbright.

Terms Expire—Con O'Brien, Mons Mahlum, G. A. Keene, A. G. Trommald, H. F. Michael, W. H. Cleary, F. H. Gruenhagen, J. C. Jamieson.

ATTENDS BREWERS MEETING

Dr. Werner Hemstead Returns From St. Paul Conference on Liquor Situation

Dr. Werner Hemstead has returned from St. Paul where he attended the meeting of the brewers of Minnesota. They discussed the recent order of the department of the interior closing the saloons in the Indian treaty lands and forbidding the shipment of liquor into dry territory.

The brewers will abide by the order, but are of the opinion that it should be contested. The Brainerd brewery continues to manufacture beer, but has ceased making shipments.

Symphony Orchestra Tonight

Speaking of the Minneapolis Symphony orchestra the Journal of that city says: For the first time in its history the orchestra left the city, today in the midst of the home season to play out-of-town engagements. The orchestra men, bag and baggage, with Director Emil Oberhoffer and Manager Wendell Heighton left for the north on the 8:50 train. The orchestra will play in Brainerd Thursday night, returning home early Friday in time for the daily rehearsal. The soloist on this trip is Mary Bronson, of Stillwater, soprano. The programme includes such numbers as two movements of the Tschakovsky No. 4 symphony, the largo from Dvorak's New World symphony, the Peer Gynt suite, MacDowell's symphonic poem, "Lancelot and Elaine," the "Meditation" from "Thais," played by Richard Czernowky, first violinist, and some lighter things."

EARL GREY.

Governor General Opens the Canadian Parliament.

PROMISES TO BE LONG AND BITTER

Session of Canadian Parliament Just Opened.

Ottawa, Ont., Nov. 17.—The third session of the eleventh parliament of Canada was opened here this afternoon by the governor general, Earl Grey. In view of the approaching election it is expected that the session will be long and marked by bitter debates. The premier referred to the death of King George and the accession of King George; to the prevalent prosperity of Canada; the growth of commerce and the good crops in the Dominion. The arrival of the cruisers Niobe and Rainbow were noted as marking the beginning of the Canadian navy and the decision of The Hague tribunal on the Newfoundland fisheries dispute was referred to as gratifying.

Attention was called to the substantial progress made in the construction of the Hudson bay railroad. It was announced that a contract will shortly be let for the construction of the Quebec bridge.

There was a reference to the commercial agreements made last summer with Italy, the Netherlands and Belgium, and satisfaction was expressed with the fact that reciprocity negotiations have been entered into with the United States.

The finances of Canada were declared to be in a most satisfactory condition. A new banking act is promised, though it will contain few departures from existing legislation on that subject.

It is expected the session will continue until late into May, but prorogation will take place in time to allow Sir Wilfrid Laurier to attend the coronation of King George in June.

SHAKES FIST AT ATTORNEY

Aged Woman Becomes Enraged on Witness Stand.

Moorhead, Minn., Nov. 17.—District court was the scene of excitement when Mrs. Eliza Goebel, charged with manslaughter in the first degree, shook her fist in County Attorney Johnson's face, threatening him and finally telling the court that she wished he had taken some of her carboic acid for medicine.

It was the last day of the introduction of testimony for the defense, and a number of witnesses were put on the stand for the defense, among them being "Dr." Goebel herself, a woman eighty-five years of age. She testified that she had treated the girl on several occasions, but denied performing an operation.

The case grew out of the death of Stena Narxerud of Hitterdal, who had been staying at Mrs. Goebel's residence for some time prior to leaving for the Exchange hotel in this city. While the girl was there Dr. E. W. Humphrey of this city was summoned, and he, recognizing her desperate condition, ordered her taken to St. Luke's hospital. Before her death she made out and signed an anti-mortem statement, accusing Dr. Goebel of a crime. This statement was made out in the presence of the county attorney.

This was introduced in court as evidence and was admitted.

Kills Himself on Wager.

Green Bay, Wis., Nov. 17.—While in an intoxicated condition Earl Francis Dillon, a young barber, wagered \$20 with a friend that he would commit suicide. After discarding his hat, coat and shirt young Dillon jumped off the Mason street bridge and was drowned.

Population of San Francisco.

Washington, Nov. 17.—The population of San Francisco is 416,912, according to the statistics of the thirteenth census. This is an increase of 74,130, or 21.6 per cent, over 342,782 in 1900.

Where He Is Slow.

"Tom is the swiftest proposition I ever saw." "Is he? Did he ever owe you any money?"—Toledo Blade.

MANIPULATION OF THE MARKET

Dr. Wiley So Characterizes the Cut in Meat Prices.

IN ORDER TO GET FRESH GRIP

Government Chemist Says the Interests That Boosted Prices Have Released Their Hold on the Throat of the Public—Declares Developments Will Show the Interests Are After Some One.

Washington, Nov. 17.—The so called reduction in the price of meats is a deliberate manipulation of the market, according to Dr. Harvey W. Wiley, chief of the bureau of chemistry of the department of agriculture, in a statement made here.

"The interests which manipulated the prices upward," said Dr. Wiley, "temporarily have released their hold on our throats for the purpose of getting a fresh grip. The so called reduction in meats is fictitious. Its manipulation was deliberate, just as the increase in prices was unjust, unreasonable and uncalled for by conditions prevailing throughout the country. The prices were fictitious at the top notch because they were forced there arbitrarily by the interests."

"Developments will show that the interests are after some one. It may be some independent movement they hope to drive from cover."

Secretary Wilson said that the announced reduction in prices was abnormal. He said it was due to the fact that the drought in the cattle raising country had increased the cost of hay. The farmer with cattle on his hands must pay \$35 a ton for his hay and rather than do this he was sending his cattle and sheep to market. This accounted for the sudden tumble in prices, he said.

"This tumble is not at all normal and will not at all be permanent," declared Secretary Wilson, "but a plentiful corn crop and plenty of grain will enable the farmer to feed freely and we should get a lower level of prices. Lower prices are certain to come, provided that somewhere between the farmer and the consumer there is no combination nor agreement to keep prices up."

ARMED MEN ARE ON GUARD

Prepared to Resist Removal of County Records.

Watertown, S. D., Nov. 17.—Opening a legal war for the possession of the county seat of Hamlin county, representatives of Castlewood filed a contest in circuit court with the object of having the recent vote thrown out and the victory of Hayti annulled. In addition to the contest, an injunction was secured restraining anyone from removing the files and records from Castlewood to Hayti pending the outcome of the contest.

Allegations of irregularities at the polls, false counting and mistaken counting are made in the complaint. No specific instances are set out, but it is contended in general that many illegal votes were cast in favor of Hayti and that judges of election in precincts which gave Hayti heavy majorities did not make a legal count.

Watertown attorneys have been retained in the interest of Hayti and a strong fight will be made to have the official count stand. The count shows a majority of one and two-thirds more than the necessary two-thirds in favor of Hayti. The county commissioners, after throwing out several votes in favor of Hayti, determined this majority, and adjourned without declaring the result in order to give Castlewood time to institute the contest proceedings.

Armed guards are stationed around the courthouse in Castlewood in order to prevent any attempt to remove the records by force or theft.

BURGLAR CAUGHT IN THE ACT

Rapid City Man and Intruder Battle in the Dark.

Rapid City, S. D., Nov. 17.—Awakened by feeling a hand slipping under her pillow Mrs. L. R. Ryther aroused her husband, who spied an intruder in their bedroom and made after him in the dark. The burglar stumbled over a chair and fell with Ryther on top of him and in a few minutes the police had him in jail. He gave the name of Brown and said he was intoxicated. He will be given a jail sentence.

Boy Coasts to His Death.

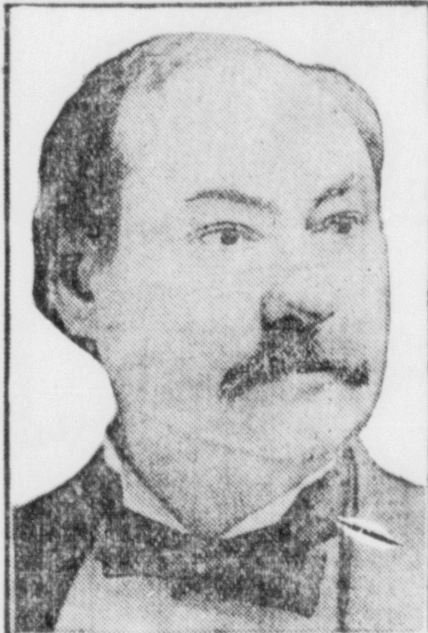

Duluth, Nov. 17.—Reuben, the eight-year-old son of Hugo Lindholm, was killed by a trolley car at Lake avenue and Fourth street. He was coasting on the hill and his sled appears to have got beyond his control. He ran on the crossing in front of the car. The boy was dragged some distance and was terribly mangled.

CONTENT.

The fountain of content must spring up in the mind, and he who has so little knowledge of human nature as to seek happiness by changing anything but his own disposition will waste his life in fruitless efforts and multiply the griefs he purposes to remove.—Johnson.

DR. HARVEY W. WILEY.

Claims That the Cut in Meat Prices is Fictitious.

VIEWED WITH SUSPICION

Radical Leaders Look Askance at Repentance of Lords.

London, Nov. 17.—Pending Premier Asquith's official statement before parliament on Friday small hope is entertained of clearing up the involved situation which has resulted from the sudden change introduced by Lord Lansdowne's call for the veto bill. The feature which stands out in the present position of the parties is that the house of lords has finally awakened to the absolute necessity of undertaking self-reform.

The Radical leaders view this late repentance with the utmost suspicion and it remains to be seen whether it will eventually terminate in an agreement which the abortive veto conference failed to achieve. The parliamentary lobby was full of rumors of all kinds—that the king has refused to give the prime minister guarantees to increase the number of peers sufficient for the government's purposes in reforming the house of lords; that the ministry would resign; that another party conference would be held.

Nothing definite, however, is known beyond the fact that all preparations are going on for a general election.

ADMINISTRATION IN PORTUGAL IS SCORED

Denounced by Federation of Catholic Societies.

New Orleans, Nov. 17.—Principal among the resolutions adopted at the concluding session here of the annual convention of the American Federation of Catholic Societies was one of bitter denunciation of the administrative officers of the new republic of Portugal and of commendation of the state department at Washington for delaying recognition of the new government.

Horror was expressed at the "barbarous inception" of the new republic, President Braga and his associates were scored for their alleged persecution of Catholics, their harsh and insulting treatment of nuns and monks and the government was declared to be founded on injustice and ungodliness.

The National Educational association was denounced for "attempting to set up in this country an educational trust as a menace to individual liberty."

The federation declared against the substitution of ethical teaching for religious training in schools and colleges, protested against Bible reading in public schools, deprecated the use of public funds or of public buildings for lecture courses in philosophy, literature or science, urged the establishment of more parish schools.

Resolutions were adopted expressing sympathy with every legitimate effort of organized labor for a living wage, reasonable hours, protection of life and limb, workmen's compensation and decent and helpful conditions in the home.

Typhoid Traced to Milk.

Ashton, S. D., Nov. 17.—Sixteen cases of typhoid fever are reported here. Investigations have led to the discovery that cows which furnish the milk supply to the town have been drinking from a creek into which the sewer system empties. This has been stopped. It is also stated that the ice supply last summer was tainted.

Tramp Causes Costly Fire.

Aberdeen, S. D., Nov. 17.—Casper Ryman, a tramp, aged twenty-one, is under arrest charged with starting the fire which destroyed \$75,000 worth of property at Mansfield. Ryman acknowledged starting the fire, but says it was accidental. He declares he fell asleep while smoking and awoke to find the building in flames.

Women Elected to Office.

Grand Forks, N. D., Nov. 17.—Eleven out of nineteen new county superintendents of schools elected in the recent election are women, making a total gain of four women superintendents in the state.

Tuberculin Arrests Paralysis. By injecting large doses of tuberculin a Vienna physician says he has arrested progressive paralysis.

NO ANNEXATION CONTEMPLATED

ONE SOCIALIST IS ELECTED

Defeats Republican Candidate for Legislature in North Dakota.

Grand Forks, N. D., Nov. 17.—North Dakota's legislature will have a socialist member in Wesley Fasset, elected from Rolette county over the regular Republican nominee, John E. Brown.

Complete returns show material gains for the Democrats in the legislature. There will be eighteen Democratic members all told, five in the senate and the remaining thirteen in the house. LaMoure and Stark counties sprung the big surprises in the legislative race, the fact that LaMoure elected a Democratic senator and a Democratic house member, and that Stark county sent three Democrats to the house being decidedly out of the ordinary.

Already there are prospects of contests. In the senate there is a likelihood of difficulty from the Third district, here M. Ruzicka was elected to succeed J. J. Irwin. Both are Democrats. Irwin was elected two years ago for the four-year term, but the past few months has not been in his district, making his home elsewhere. Taking advantage of this absence the voters of the district elected another senator.

The progressives will have little difficulty in controlling the organization of the house and with U. L. Burdick as lieutenant governor, will get what they want in the upper branch.

Candidates for speaker of the house so far mentioned are General E. A. Williams of Bismarck, George Ployhar of Valley City, and W. J. Price of Cass county.

ENTIRE STOCK IS SEIZED

Government Seeks Damages From an English Firm.

New York, Nov. 17.—The entire stock of Joseph Brooke & Co., an English woolen firm, which has maintained a branch house in New York city for a quarter of a century, was seized by the government in an action to recover \$200,000 damages. "In consequence of fraud and other wrongful acts," alleged evasion of customs duties by undervaluation, disclosed by a former employee of the firm, is the basis for the action.

With the seizure of the goods it became known that the government had recently instituted suit against the firm, but being unable to serve the summons in the action because the Brookes are at present in Huddersfield, Eng., United States District Attorney Wise obtained a writ of attachment. The writ was served upon Robert C. Herron, manager of the business. The stock is valued at almost the amount of the damages claimed by the government.

DEMOCRATS ARE IN CONTROL

Have a Majority of Six in Montana Legislature.

Helent, Mont., Nov. 17.—Practically complete official returns from the entire state indicate that the next legislature will be composed of 54 Democrats and 48 Republicans. Because of the fact that in normal Republican counties that party's candidates were elected by from 200 to 500 majority, whereas its legislative candidates lost by from only two to a dozen votes, the state central committee proposes a very thorough inquiry in the belief that corrupt practices were resorted to.

In addition, a contest is to be started in Silver Bow, alleging fraud, illegal registration, voting and the like. The real reasons for the apparent loss of the legislature will no doubt be threshed out in the courts before the body meets in January.

In the meantime there is a keen rivalry developing among the Democrats for the coveted seat and a merry struggle is certain to follow between Walsh, Conrad, Clark, Hartman, Toole and others.

INVESTIGATION IS DESIRED

Charges Affect Integrity of National Grange Administration.

Atlantic City, N. J., Nov. 17.—The adoption of a resolution calling for an investigation of charges affecting the integrity of the present administration of the organization and the recommendations made by Grand Master N. J. Batchelder of New Hampshire, in his annual report, were the features of the opening session on the steel pier here of the National Grange, Patrons of Husbandry. Federal aid for road improvement, parcels post laws, conservation of national resources, a national income tax and a non-parity tariff commission, were advocated by Grand Master Batchelder. He opposed the ship subsidy law and an amendment to the oleomargarine law in the interest of the imitation butter.

Mr. Batchelder attributed the high cost of farm products to the consumer, to bad roads which increase the cost of marketing crops, excessive freight rate charges based upon watered stock, far exceeding the value of the railways and the exorbitant profits of the commission houses.

Barbados.

Agriculture is the chief pursuit in Barbados, and without doubt the island is the most intensely cultivated spot in the West Indies. Sugar is the chief crop and has been from time immemorial; tobacco is grown slightly, fruit hardly at all.

President Taft Disposes of Report About Panama.

AROUSES GREAT ENTHUSIASM

Chief Executive of the United States Delivers an Address at a Banquet in Panama, Which is Attended by Two Hundred Persons—Says United States Will Not Interfere With Affairs of Republic Unless Absolutely Necessary.

Panama, Nov. 17.—President Taft disposed of the report that the United States was likely to annex Panama at a dinner given in his honor by President Arosemena and attended by 200 prominent officials, diplomats and merchants. President Taft aroused the greatest enthusiasm when he said the American people would feel utterly dishonored in annexing Panama, unless some conduct on the part of the Panama people left no other course.

This contingency Mr. Taft was sure never would arise.

The president arrived at Panama from Cuibera, after spending an interesting day in the great cut. The recent landfalls were visible, but they were in no wise disturbing to the president or to Colonel Goethals, the latter saying that they were taken care of as they occur until the degree of wall slope should prevent a recurrence.

The president reviewed the marines at Camp Elliott, later hearing grievance committees who asked for an increase in pay.

Not Likely to Be Granted.

This, however, is not likely to be granted in view of the fact the wages of the men are already higher and the cost of living much lower than in the United States. Immediately on his arrival in Panama the president proceeded to the American legation where he was called on by President Arosemena. President Taft returned the call at the palace and then went to the banquet. After an address of cordial welcome by the Panamanian president, Mr. Taft said:

"The birth of the republic of Panama and the peculiar interest which the United States has had in Panama's welfare and prosperity have found a common cause in the construction of the Panama canal. The treaty between the two countries makes the United States the guarantor of the Panama republic and therefore in a sense the guardian of the liberties of her people secured by its constitution. Our responsibility for your government requires us closely to observe the course of conduct by those selected as the officials of your government after they are selected and to insist that they be selected according to law.

Does Not Call for Annexation.

"All this makes us especially interested in what is done in your government, but this relation neither calls for nor permits annexation. We are here to construct, maintain, operate and defend the world canal which runs through the heart of your country and you have given us the necessary sovereignty and jurisdiction to enable us to do this effectively.

"We do not wish any further responsibility in respect to your government than is necessary in the carrying out of our purpose to construct and maintain this canal. We have no desire to add to the territory under our jurisdiction, except as the operation of the canal may require it.

"We have guaranteed your integrity as a republic and for us to annex territory would be to violate that guarantee and nothing would justify it on our part so long as Panama performs her part under the treaty.

"I am glad to say that there is not the slightest indication or probability that the Panamanian people will ever pursue a policy which would require such a change in the present most satisfactory relations between the two republics."

MURDER TRIAL VERY SHORT

Negro Acquitted by a Jury at Fargo, N. D.

Fargo, N. D., Nov. 17.—In the shortest murder trial ever held in North Dakota, Charles King, colored, was acquitted in district court.

King was accused of the murder of James Hutchinson in a lower Front street restaurant last September. The men, so the witnesses testified, were engaged in a game of "blackjack," in which the two became involved in a dispute over the payment of \$1.50. Shortly after the trouble the two men both drew revolvers, King shooting Hutchinson, killing him almost instantly.

King then made his escape to Minneapolis, where he was located some time later by Detective Martinson of the Minneapolis force. He was returned to this city, where he was put on trial.

Four Injured in Collision.

Boone, Ia., Nov. 17.—Four men were injured, none of them probably fatally, when an electric car ran into a string of loaded coal cars. The injured are J. A. Kuhn, C. E. Gump, O. J. Martin and F. Wilson.

THURSDAY, NOVEMBER 17, 1910

"All eyes on Brainerd" seems to have been advisedly selected for the slogan of the Northern Minnesota Development association meeting. Scarcely a town or city in the state where a newspaper is published is without the information that the Brainerd meeting will be the place where the preliminary skirmish for reappointment will be fought out, and all eyes are turned this way to watch the result.

Gov. Eberhart's statement that he stands squarely and unequivocally on the platform of the republican party and that reappointment is demanded in that platform, shows that he is standing by his guns and will be one of the many to assist in the fight for the rights of Northern Minnesota. The governor says "You can quote me as strongly as you wish, that I am for a fair and equitable bill, based on the federal census of 1910." Gov. Eberhart says that he will be in Brainerd at the meeting of the Northern Minnesota Development association on Dec. 1 and 2.

Harvey W. Grimmer, well known in this city, in connection with Frank Fritz has succeeded to the interests of Andrew Fritz of the firm of Fritz & Cross, in the printing business at St. Cloud. Mr. Grimmer is one of the best known newspaper writers in the state and until he entered Gov. Johnson's office as executive clerk at St. Paul he was connected with the St. Cloud Journal-Press in an editorial capacity. The wide state acquaintance of Mr. Grimmer will make him a valuable acquisition to the firm which already enjoys a prosperous business. It is understood that Mr. Grimmer enters upon his new field of labor at once.

Such acts of hostility and open defiance of the laws as are reported to have occurred at Bemidji Wednesday during the execution of an order from the federal government in closing a saloon which was open in defiance of the recent order will have more to do with bringing the full force of the government power in the matter into active operation than any other one thing. When people resist government officials in the performance of the duties they have been sent to perform with shot guns, beer bottles and weapons of defense something is liable to happen. Those in the saloon business in the prohibited territory will necessarily have to live up to the law in the case and violence or threats of violence will simply have the effect of tightening the reins and of placing the restricted territory forever in the "dry" column. The acts of irresponsible persons in this matter will cause more trouble than can be righted by attempted legislation.

CONTEST FOR THE SPEAKERSHIP

St. Paul Paper Thinks the Speakership for the Next House Will be Settled at Brainerd

POLITICIANS ARE ALL COMING

Gov. Eberhart Promises to Attend and Deliver His First After Election Speech

The men who predict a tame affair for Brainerd at the meeting of the Northern Minnesota Development association have another guess coming if indications along that line count for anything. Gov. Eberhart has promised to be present and deliver the first address since his recent election as the executive of the great state of Minnesota by the largest majority of any governor since the memory of man. The entire law making body of the state, newly elected has been invited to be present and get into the reapportionment harness, for that question will be the one that will stand out in blazing letters as soon as the delegates and those interested begin to arrive. The fellows who do not want it will be as intent on getting to the Brainerd meeting as those who have worked tooth and nail during the past year to bring about the condition which they seek. Northern Minnesota was never as earnestly interested in any question as they are today in reapportionment and the whole northern part of the state will be found working as a unit that justice may be done to all and that equal representation may be accomplished. Politics will not be allowed to enter into the convention details nor will be tolerated at the deliberations of the delegates sent to this city to accomplish the work laid out, but the hotel lobbies, commercial club rooms and other convenient places where men congregate cannot help but be hot beds of political argument, and the politician who considers himself in the swim will find himself sadly out of it if he remains away from the meeting in this city on Dec. 1 and 2. As yet no political caucuses have been called to discuss matters relative to the organization of the house and senate and this is taken to mean that those interested are awaiting the outcome of the Brainerd meeting or are planning on coming to this city at that time and taking advantage of the occasion to settle the speakership fight and other contests while here. The Pioneer Press in an article on the coming meeting says:

"The speakership fight may be settled and the organization of the next house of the Minnesota legislature outlined at the meeting of the Northern Minnesota Development association at Brainerd December 1 and 2. There seems to be no disposition to hold the usual district caucuses this year, but a large number of the members will be at the Brainerd meeting and their sentiments on the speakership may crystallize on some one of the candidates at that time.

W. R. MacKenzie, secretary of the association, has been in St. Paul the last few days on business in connection with the meeting. He will invite all the legislative members in the state to attend, and hopes to have most of them there. Proposed legislation will be the principal topic on the official program, but the

speakership and kindred matters is expected to be a more interesting subject around the hotel lobbies. Governor Eberhart has promised to be present at the meeting. Reapportionment will be the first matter taken up, and the governor has promised that he will make his views on this subject fully known in his speech. This speech will be the governor's first public utterance since election.

Regarding the apportionment, the Governor, before leaving for the south yesterday morning, made the following statement to Mr. MacKenzie: "I stand unequivocally on the platform of the republican party. Reapportionment is demanded in that platform, and you can quote me as strongly as you wish that I am for a fair and equitable bill, based on the federal census of 1910 and the constitution of the state."

Next to reapportionment good roads will be the most important topic. Mr. MacKenzie spent some time yesterday with G. W. Cooley, engineer of the state highway commission, going over proposed road legislation. The northern counties are interested in the building of roads, both for forest fire protection and for the purpose of encouraging settlers. Other matters pertaining to the state and other vacant lands in the northern counties will also be taken up."

SMALL WOMEN VOTE?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they're unequalled. Easy, safe and sure. 25c at all druggists. tfs

WHOLE CLUB COMES IN DECEMBER

Deerwood Commercial Club to Open Headquarters in City in Charge of C. G. Osterlund at

N. MINN. DEVELOPMENT MEET

Band Will Come Too—Village Council Grants M. D. Stoner Lighting Franchise

Deerwood, Minn., November 16—The best meeting of the Deerwood Commercial club ever held in its entire history was the one of Monday evening when 50 members were in attendance. The subjects up for discussion were the lighting franchise and the water works plant. Dr. William Reid was the chairman. The club decided to attend the Northern Minnesota Development association meeting at Brainerd December 1 and 2 in a body and to open headquarters in the city in charge of its secretary, Charles G. Osterlund. To further advertise the club the Deerwood concert band will be taken along. Every member will wear a broad ribbon showing where he comes from so that the Northern Minnesota delegates will have no doubt in their minds as to the existence of the enterprising town of Deerwood.

A motion carried to have the chair appoint a committee to investigate the different systems of water works. Dr. Reid asked for time until the next meeting to make his appointments, which was granted him. The committee appointed to renounce the streets of the town made its report. The club decided to have a banquet at the Adams hotel on Monday evening, November 28th. N. P. Emil Carlson was given charge of the arrangements and he is preparing the program of speeches and music. This banquet, more than anything else, will tend to "get together" the various interests of Deerwood and to create harmony and good feeling. As another instance of the aggressiveness of the club may be mentioned the fact that a petition will be presented to the state warehouse and railroad commissioners asking that better accommodations for the receiving and handling of freight be provided at the local depot. The secretary, Chas. G. Osterlund, is at the head of the committee having this in charge.

The council met last night and granted an electric lighting franchise to M. D. Stoner. A six month's license to sell malt was granted to Peterson & Co. The bond of Contractor Greenlow Hurst, of Wadena, the successful bidder on the new village jail, was approved.

A special agent of the government arrived this afternoon to investigate the postoffice robbery. The work of blowing up the safe was apparently the work of professional safe blowers, for the soap on the edges of the doors and the bar of laundry soap on the floor still remain. As near as can be estimated the robbery was committed on Tuesday morning between the hours of one and five. The burglars must have been acquainted with the town. Marshal Lamey goes off duty at two in the morning. It is said the two axes and chisel used to force the outer door were stolen from a house in town. The empty Oberg safe is stored in the Guelker ice cream parlor. W. E. Guelker believes the burglars saw this safe and figured on blowing it up too, for he remembers hearing a noise at his doors at about one o'clock and again at about two in the morning. As he made a noise at the time he believes they were scared away. C. J. O'Connell, returning home at five o'clock in the morning, saw a man near the livery stable who appeared anxious to avoid him. As he knew nothing about the robbery at that time he paid no attention to the stranger. The loss now totals about \$700.

Miss Gertrude O'Connell is soon to leave for Minneapolis for a visit. All the Deerwood stores will close at ten in the morning on Thanksgiving day.

Mr. and Mrs. A. S. Nygord spent Sunday and Monday at Superior. Mr. and Mrs. Thomas Keating entertained at a card party last night Mr. and Mrs. P. McCarville, Mr. and Mrs. W. E. Guelker and Mr. and Mrs. William Bamberg. Dainty refreshments were served by the host and hostess.

Miss Johanna Espig went to Duluth yesterday and will later return to her home in Minneapolis.

T. A. Barker has returned from his hunting trip with a fine deer shot near Walker.

Carl E. Carlson is recovering from his recent attack of illness.

Graham's barber shop is installing a switch system of gasoline lights.

The pews for the new Catholic church arrived this week.

The ladies aid society of the Methodist church met this afternoon with Mrs. H. J. Hage.

On Wednesday evening, November 30th, the ladies of the Methodist church will serve a chicken pie supper at the Odd Fellow hall. A large attendance is expected.

B. B. Gaylord and his new automobile came to grief five miles east of Deerwood. A piece of waste lodged in the carburetor and the machine refused to budge. Mr. Gaylord had to walk five miles to Deerwood where

kind friends took him in their auto and returned him home safely to Crosby. Next morning his Deerwood friends towed in his machine. The Ladies Aid society of the Norwegian Lutheran church will have a social and auction on Saturday evening, November 26th.

Julius Hage bought a pair of skates in Brainerd last week. Mrs. Ole Peterson is sick at the Northwestern hospital in Brainerd. S. G. Latta, cashier of the First National Bank of Crosby, transacted business in the town this week.

Margaret Hudson, of Crosby, will attend the Superior Normal school this winter.

Mr. and Mrs. John Ernster, of Brainerd, spent Sunday with their son, H. J. Ernster.

R. W. Wedgewood, cashier of the Cuyuna State bank, was in town last week.

Franklin W. Merritt, of Minneapolis, arrived in town today.

Mr. and Mrs. August Bartens, who have been visiting his mother Mrs. Wilhelm Bartens, have gone to Duluth, where Mr. Bartens is attending business college.

Pete Highfield, Bill Ramstrand and West Melholland have returned from their hunting trip with a deer each to their credit.

Dode Archibald recently killed a deer. He said he hit it the first shot but Robert Archibald says it took 12 shots to do it. The deer waited patiently for the 12th shot which finished it.

Most of Deerwood skated Sunday on the broad expanse of Reno lake. The ice is in fine shape and every one is taking advantage of the skating before the heavy snow blocks the sport.

It is rumored that a ski club is to be started. There are many long and high jumpers in Deerwood, so the club could easily recruit a large membership.

Among the Deerwood people who will attend the Minneapolis Symphony orchestra concert at Brainerd Thursday evening are Mr. and Mrs. H. J. Ernster Mr. and Mrs. T. P. Cole, Julius Hage and Charles G. Osterlund. There is certain to be a much larger list which will be published in next week's paper.

SAVES AN IOWA MAN'S LIFE

The very grave seem to yawn before Robert Madsen, of West Burlington Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. Its positively guaranteed for stomachs, liver or kidney troubles and never disappoints. Only 50c at all druggists. tfs

COUNTING THE MAIL

Services of 1400 Clerks Required to Complete Work Started Monday for Statistical Purposes

The work of collecting statistics upon which to establish a new basing estimate for the handling of the United States mail in transit was commenced on all railroads in the country Monday, and will continue until completed in a week or ten days. Every letter, package and newspaper passing through the hands of the railway mail clerks will be counted. In order that the regular service may not be hampered, the entire federal reserve force of mail clerks and substitutes will be needed to make the count, says the Pioneer Press.

The count in the St. Paul district, which includes all railroads entering the Twin Cities, is in charge of Captain Norman Perkins, superintendent of the railway mail service, and Assistant Superintendent J. Stearns Smith.

The object of the count is to ascertain the average number of letters to the package and the average number of newspapers to the sack, and to verify the former count, under which mail has been handled for several years. The count also will determine whether the service at all points in the country is properly equipped. In the past few years the volume of mail handled is some sections of the country, notably in the growing west, has increased rapidly. The department wishes to learn if the service has kept pace with this increase.

It has been suggested that the count is being made to obtain a new general classification of mail matter, upon which the postoffice department can deal with postal problems as they arise, and also to give the postmaster general facts and figures which will enable him to increase the efficiency of the service at reduced cost. The officials of the railway mail service here have received no notice to this effect.

The district, which includes St. Paul, embraces northern Michigan, Wisconsin, Minnesota, South Dakota and requires the services of about 1400 clerks.

STOMACH MISERY GOES

No Indigestion, Heartburn, Sourness
Gas or Dyspepsia Five Minutes
After Taking Diapiesin

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a 50-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes form all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

(Continued from page 2)

ment at Elks hall last night. President William Barron delivered the opening address and was followed by Father O'Mahoney who gave one of his witty and eloquent discourses. Alfred Mraz sang a solo and there were additional numbers, vocal and instrumental, on the program. All spent a most enjoyable evening.

Game licenses have been issued by the county auditor to John A. Oberg and Chas. Johnson, of Deerwood; E. O. Franks, of Emily; Guy Pratt, of Merrifield; C. E. Wheeler, R. W. Sherlund, C. N. Sherlund, Henry Squire, Fred J. Reid, Anderson Eckert, A. J. Loom, Scott Elston, of Brainerd; W. H. Blackburn, of Ft. Ripley; P. A. Biggs, of Pequot; Charles Isle, of Cuyuna; Glenn A. Grover, of Pine River.

First Lieut. R. H. Davis, U. S. M. C., will close a number of offices belonging to his recruiting district, as the marine corps is being filled up to its authorized strength. It is expected that the marine corps will have its full quota of 10,000 by December 1st. The offices to be closed will be those in northern Minnesota, North Dakota and Wisconsin, which includes the Brainerd and Duluth offices.

MINNEAPOLIS SYMPHONY HERE

The Noted Orchestra Comes From St. Cloud and Plays at the Opera House This Evening

Traveling in two sleepers, the Ravalli and the Perham with their baggage and instruments in a baggage car, the Minneapolis orchestra arrived in the city this afternoon. The famous leader, Prof. Emil Oberhofer was glad to hear of the interest being manifested in the playing of his orchestra at the opera house this evening and was gratified to hear of the good seat sale.

"You must pardon me for not being able to speak to you very much," said the genial conductor. "We left St. Cloud early this morning and I am really famished. I have had no breakfast." He hurried away in search of a hotel. The dray wagons are busily engaged in getting their instruments and baggage to their proper places and everything is being arranged for the grand concert this evening.

ENGINEERING

F. A. GLASS—Mining Engineer and Surveyor. Direction of Explorations, surveys, plans, estimates reports.

If you find any substance in your baking injurious to health made from baking powder in this can there is—

\$1000 In it for you

Calumet has been backed for years by an offer of \$1,000 for any substance injurious to health found in the baking prepared with it.

Does not this and the fact that it complies with all pure food laws, both State and National, prove that Calumet is absolutely pure?

With the purity question settled—then Calumet is undoubtedly the best Baking Powder. It contains more leavening power; it is more uniform—every can is the same. It assures better results—and is moderate in price.

Received Highest Award World's Pure Food Exposition

CALUMET BAKING POWDER

Pure in the Can—Pure in the Baking.

The Girl Who Lives Alone

whether she attends college or goes to business, needs the Perfection Oil Heater. It will heat a cold, cheerless boarding house or dormitory room and make it livable. It is always a ready help in the many things women do for themselves in their rooms. With the damper top opened it will heat water for tea or cocoa; it will dry the small articles that a woman prefers to wash herself in her own room. It will quickly heat an iron or curling tongs; quickly dry wet shoes or skirts—an ever ready help for the woman who lives alone, dependent on her own resources. The

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

Is invaluable in its capacity of quickly giving heat. It will burn nine hours with one filling. It is safe, smokeless and odorless; has a cool handle and a damper top.

An indicator shows the amount of oil in the font. The filler-cap is put in like a cork in a bottle, and is attached to the font by a chain. It has an **auto-matic-locking flame spreader**, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so the wick can be quickly cleaned.

The burner body or gallery cannot become wedged, and can be unscrewed in an instant for reworking. Finished in Japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the

Standard Oil Company

(Incorporated)

Here is Your Chance

If you want to get a stove at rock-bottom prices.

During the time that we have been in the storage business over 150 stoves have accumulated in our store house. We have been instructed by the various owners to sell these for the storage due on them. They must positively go before we move into our elegant new quarters in the "Iron Exchange" building.

The prices range from

\$2.50 to \$20.00

GENERAL OUTFITTERS, UNDERTAKERS and EMBALMERS, PLUMBERS and STEAM FITTERS

Today is "WHIZ" Day

Full Size 10c. Cans of "WHIZ" FREE to readers of today's

DISPATCH

CLIP THE COUPON

"WHIZ" is something new—the king of all cleansers. We want every family in

BRAINERD

to try a can of "WHIZ" at our expense.

Clip the Coupon that appears below, sign it, and present it to any dealer handling "WHIZ" and it will be gladly exchanged for a regular 10c can of this great new cleanser.

ROGERS SILVER SPOONS

Each can of "WHIZ" contains a Free Spoon Coupon, which if sent to THE J. P. DAVIES CO., DAYTON, OHIO, according to directions, will enable you to get a heavily plated Rogers Silver Tea Spoon hand-somely designed in French gray finish free of advertising. It only takes one coupon to get a spoon.

Many Uses for "WHIZ"

It's a toilet Soap with scouring properties—an innovation in soap making. Unlike any scouring preparation you have ever used—a delightful surprise.

For scouring sinks, bath tubs, wash stands, kitchen utensils, and for general household cleaning and scouring it beats anything you ever saw. Just the thing for house-cleaning time.

Antiseptic and sanitary—Doctors indorse it.

A "WHIZ" bath is delightful.

Fine for the hands—gets down into the cracks and pores of the skin and cleanses thoroughly. Removes dirt, grease, grime and stains that common bar soaps can't touch, yet leaves the skin soft as velvet.

"WHIZ—off comes the dirt!"

"WHIZ" COUPON

The J. P. Davies Company DAYTON, OHIO

When properly signed below and presented by an adult to any Grocer, Druggist, Hardware or other Dealer handling "WHIZ" on Nov., 17-8-9-20-1-2-3-4-5-6-7 this Coupon will be exchanged for a full size, 10 cent can of "WHIZ" absolutely free. One can to each person.

VOID AFTER

Dealers are not allowed to accept Coupons after Nov. 27. We will not redeem any Coupons accepted after that date.

NOTICE TO DEALERS. This Coupon is to be accepted in exchange for one can of "WHIZ." Any one accepting it or trying to exchange it for any other article will be prosecuted. Your signature must appear on line below.

NOTICE TO JOBBERS. You are authorized to pick up coupons to amount of each dealer's purchase, on a basis of 15 cans for each 15 Coupons. Coupons redeemed must not exceed number of cans of dealer's original purchase. In no case do we allow jobbers to take up the Whiz Coupons for cash.

This Coupon good only in **Brainerd**
